ClearChoice Energy receives endorsement as the preferred Curtailment Service Provider from the Hospital Council of Western Pennsylvania.

Pittsburgh, PA (April 1, 2009) - ClearChoice Energy is pleased to announce it has received an official endorsement as the Preferred Curtailment Service Provider for the Hospital Council of Western Pennsylvania.

As a registered CSP, ClearChoice Energy will help Hospital Council members comprehensively address their energy costs and realize significant bottom-line savings through Demand Response initiatives provided on the PJM (Pennsylvania Jersey Maryland) Interconnect Grid.

Rising energy costs are a significant concern to many hospitals. ClearChoice Energy will be providing a variety of services to hospitals including:

- Comprehensive evaluation of energy-related opportunities with individual facilities;
- Demand-side management programs;
- Energy efficiency programs;
- Distributed generation as well as revenue generation from energy-related credits.

ClearChoice Energy is a certified, woman-owned business headquartered in western Pennsylvania, and is a member of the PJM Interconnection, L.L.C. ClearChoice Energy focuses on originating supply from governmental entities and the non-profit market segments as a means of developing a portfolio of demand-side resources.

Carolyn Pengidore, President of ClearChoice Energy, adds “We are looking forward to helping area hospitals realize significant energy savings including the benefits of being able to take advantage of any Demand Response opportunities especially in these economically challenging times.”
